

CASTLE COMPOSITES

DATA SHEET

PRODUCT AND COMPANY IDENTIFICATION

Product type: Granite Coping Stones and Pier Caps

Trade Name: "Granite Coping Stones and Pier Caps"

Manufacturer: Castle Composites Limited

Units 1-5, Nisbet Way

Ravenstruther

Lanark, ML11 7SF

Phone/Fax No.: 01555 870003 / 01555 870040

Packing Information

Stacked on wooden pallets with shrink wrap.

Product Information

Product Name: Granite Coping Stones

Material: Natural Stone

Size: 600x175mm, 600x300mm, 600x375mm

Thickness: 30mm

Surface: Polished

Drip Checks: Both sides 20mm from edges

Frost Resistant: Yes

Water Absorbtion: 0.5%

Flexural Strength: 9.5MPa

Compressive Strength: 101MPa

Weight: 175mm = 8.5kg each

300mm = 14.6kg each

375mm = 18.2kg each

Product Name: Granite Coping Stone End Pieces

Material: Natural Stone

Size: 600x175mm, 600x300mm, 600x375mm

Thickness: 30mm

Surface: Polished

Drip Checks: Three sides 20mm from edges

Frost Resistant: Yes

Water Absorbtion: 0.5%

Flexural Strength: 9.5MPa

Compressive Strength: 101MPa

Weight: 175mm = 8.5kg each

300mm = 14.6kg each

375mm = 18.2kg each

Product Name: Granite Pier Caps

Size: 375x375mm, 530x530mm

Thickness: 30mm

Surface: Polished

Drip Checks: 4 sides 20mm from edges

Frost Resistant: Yes

Water Absorbtion: 0.5%

Flexural Strength: 9.5MPa

Compressive Strength: 101MPa

Weight: 175mm = 8.5kg each

300mm = 14.6kg each

375mm = 18.2kg each

Natural Colour Variation

Our granite coping stones are manufactured from natural quarried stone. As a result, variations in colour, shade, and texture are inherent characteristics of the material. These natural differences are part of the beauty and uniqueness of granite, and they should not be considered defects. Each piece reflects the individuality of the quarry, ensuring every installation has a distinctive, authentic appearance.
